VETO MESSAGE

I, Robert E. Armstrong, Mayor of the City of Fort Wayne, hereby veto Appropriation Ordinance No. A-26-76, for the following reasons:

1. According to Indiana Code, Section 18-2-3.5-1, "The Common Council of any city is hereby empowered to hire or contract with, or on a full time or part time basis, one or more competent attorneys and/or legal research assistants on terms which the Common Council may deem appropriate."

While this section permits the Council to hire legal research assistants, I contend that Mr. Tanner is not qualified either as "a competent attorney or legal research assistant."

It is the stated intention of the Council that Mr. Tanner will be performing the same function which he performed for the Board of Works; i.e., the research and direction of the city's Cable TV project. Because of this role, and since Mr. Tanner is neither an attorney nor a qualified legal research assistant, he is, therefore, unqualified to be hired under the terms of this Statute.

2. That same Statute contains the following stipulation: "(c) The appropriation for the payment of the salaries of such attorneys and/or legal research assistants as may be employed by the Common Council may not exceed that which is appropriated for similar salaries in the budget of the City Attorney."

The Ordinance, passed by Council, is in direct conflict with this requirement of the law. Council has appropriated \$100 per week to pay Mr. Tanner, and this sum substantially exceeds the amount (\$1,600 per year) provided the City Attorney for the hiring of research assistants.

3. Furthermore, going beyond the two direct violations of the law which would be incurred by Council were I to sign this Ordinance, I believe that the continued employment of Mr. Tanner is a waste of the taxpayers' money. After three years of working on a Cable TV Ordinance, the product of Mr. Tanner's effort is little more than a synthesis of the work of others and a synthesis which, in fact, is virtually unusable. In short, Mr. Tanner's services are neither necessary nor desired.

4. Mr. Tanner's actions in removing numerous documents and files from the Board of Works office following his dismissal must raise the question of his moral propriety. His failure to return these documents, or even to allow this Administration to discuss with him which of the files are his property and which continue to be the property of the people, leave us no recourse but to consider him undeserving of continued employment by the taxpayers.

City Council
City of Fort Wayne
Fort Wayne, Indiana

Gentlemen & Mrs. Schmidt:

During my campaign for Mayor, I promised that I would give all departments of city government one year to justify their existence. I indicated that I would evaluate their performance very carefully during this year in order to make reasoned judgment of the departments' effectiveness and value to the community. To assist the Administration in this evaluation, I have directed each department head to prepare ongoing project reports on our various departments.

Now, only six months into the new Administration, I am disappointed to learn of your consideration of plans to summarily destroy not only a number of city departments, but also the programs which they carry out. By so doing, you will be affording this Administration no opportunity to evaluate departmental effectiveness and make recommendations, as I indicated I would do.

In consideration of the needs and wishes of the people of Fort Wayne, I feel strongly that you owe this Administration the opportunity to continue evaluating each city department and make a fair assessment of the departments' value at the end of the first year.

Sincerely,

Robert E. Armstrong

Gentlemen and Mrs. Schmidt:

Attached hereto is a resolution pertaining to a zoning ordinance amendment acted upon by the City Plan Commission at their meeting held July 26, 1976. In addition to the reasons outlined in the resolution, the following are additional remarks pertaining to the ordinance.

1. Bill No. Z-76-0~~B~~-11
2. From "M2" to "M3"
3. Intended Use: Expansion of Dana Corp. facilities (warehousing)
4. Plan Commission Recommendation: DO PASS

This ordinance received a DO PASS recommendation for the following reason:

- a. This request will enable Dana Corporation to utilize a vacant warehouse as part of their manufacturing facility. The present zoning of the land is "M2" - General Industrial. This request would increase the zoning by one classification to "M3" - Heavy Industrial, which is not a substantial change in the industrial classification.

If there are any questions with regard to this ordinance, please feel free to call on us.

Respectfully submitted,
